

Mr. R. Gopalaswamy Iyer referred to the announcement of the previous Dewan in 1919 that the percentage of free studentships would continue to be between 20 to 40 exclusive of backward class scholarships, and prayed that the free studentship might be fixed up to 40 per cent instead of 30 per cent as per recent orders.

Mr. H. Krishna Sasiry supported the representation.

The Dewan replied that the recent order was passed only a few weeks ago. The question of revision would be considered only after any hardship caused thereby was found to be established.

Mr. M. Venkatakrishnaiya suggested that it was desirable to establish a Printing and Publishing Bureau. Only initial cost was necessary for this and the Bureau would certainly be remunerative in the long run.

Reply of Government.—Noted for consideration.

Mr. M. Venkatakrishnaiya represented that scholarships might be given to those that deserve them. The amount of depressed and backward class scholarships should be increased. He was of opinion that a revision of the scheme was necessary so that deserving men should get scholarships.

Reply of Government.—Noted

Mr. M. Venkatakrishnaiya said that more money was now spent on account of school and college buildings and that cheaper designs might be introduced.

The Dewan replied that the question of having cheaper designs was under consideration.

Mr. M. Venkatakrishnaiya stated that as all the students that appear for the University examinations could not get through, and earn suitable living, Government might arrange for the teaching of some useful industry along with general education. Sufficient encouragement to the existing technical institutes by way of liberal grants was therefore desirable.

The Dewan referred him to the policy laid down in the Education Memorandum.

SUBJECT No. 152.

Increase of the percentage of free-students.

Mr. S. R. Balakrishna Rao, Mysore University.

SUBJECT No. 153.

Opening of a Printing and Publishing Bureau in connection with the Oriental Library, Mysore.

Mr. M. Venkatakrishnaiya, Mysore University.

SUBJECT No. 154.

Grant of scholarships to boys of all communities.

Mr. M. Venkatakrishnaiya, Mysore University.

SUBJECT No. 155.

Economy in the expenditure over the construction of school and college buildings.

Mr. M. Venkatakrishnaiya, Mysore University.

SUBJECT No. 156.

Arrangements for giving industrial education side by side with literary education.

Mr. M. Venkatakrishnaiya, Mysore University.
